

Campus Safety and Security

*Committed to providing a safe and secure environment
for Greensboro College students and employees.*

Services Offered

CRIME PREVENTION PROGRAMS Offered each semester on topics including personal safety awareness and security

MOTOR VEHICLE ASSISTANCE Jump-starting batteries, retrieving keys locked in vehicles, and providing phone access for emergency situations

GC ALERT Emergency Notification through Voicemail, Email, and Text Messaging for rapid emergency notification

SECURITY ESCORTS Provided by the Security Officers on campus at any time upon request

OPERATION ID Marking expensive personal items with an ID number to deter theft and allow tracking if theft occur.

LOST & FOUND Items may be retrieved during business hours

DID YOU FORGET? Courtesy reminder left on doors found unlocked and unattended to remind students to close and lock doors and windows when leaving their rooms

To Report a Crime

Criminal actions and other emergencies on campus can be reported directly to Campus Security at any time by dialing the security emergency phone at **336-312-9911**.

Campus Safety Tips!

Residence Hall Crime Deterrence

ALWAYS lock your door, even if you are only going to be away for a short time.

NEVER prop open an exterior door.

NEVER leave valuables (small or large) unattended.

REGISTER your personal items with Campus Safety via Operation ID.

REPORT illegal or suspicious people or situations immediately! Get to know your neighbors and call 336-312-9911 if something just doesn't seem right.

Vehicle Crime Deterrence

ALWAYS roll up vehicle windows and lock doors

ALWAYS secure valuable items such as purses, books, book bags, phones, computers, and other valuables in the trunk, console, or glove compartment.

NEVER leave your unattended vehicle running.

Additional Crime Deterrence

REPORT any suspicious activity immediately to the Campus Safety & Security Department at 336-312-9911 (Emergency) or 336-217-7245 (Office).

REMEMBER it is safer to travel in pairs and on well-lit paths and roads during the evening hours.

REPORT burned-out lights, broken windows, doors, locks, and any other security related problems immediately to Residence Life, Maintenance, or Public Safety.

NEVER leave your book bag, wallet, purse, computer, or keys unattended - especially in public places.

NEVER walk or jog alone at night.

AVOID wearing headphones or ear buds while you are walking or exercising alone outside.

A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own security and the security of others.
